

**Question:** How does the STOPit mobile app work?

**Answer:** The STOPit app can be used by students to anonymously submit incident reports of inappropriate behavior. An incident report can be a combination of text, images and/or video evidence. You can also use STOPit Messenger, an anonymous, two-way messaging system, which administration may use to follow up on incident reports in order to ask questions, gather more information, and ensure a quick and effective investigation.

---

**Question:** How do I activate the STOPit mobile app?

**Answer:** To activate the STOPit app, simply download STOPit onto your mobile device from iTunes or Google Play and enter the code provided to you by your organization.

---

**Question:** Is STOPit truly anonymous?

**Answer:** Yes, STOPit is completely anonymous. STOPit is never provided with any app user information whatsoever.

---

**Question:** Who receives reports submitted via the STOPit app?

**Answer:** Incident reports are received by people whom have been designated as Report Managers by your school. This could include individuals working with Title IX and/or Clery Act Compliance Officers, the Dean of Students, Health services, or other departments determined by your account administrator.

---

**Question:** What information does my organization give STOPit about me?

**Answer:** **None!** STOPit is never provided with any app user information whatsoever.

---

**Question:** Is the STOPit app available on web browsers?

**Answer:** Yes, there is a “web-based” version of the STOPit app, available at [stopitsolutions.com](http://stopitsolutions.com).
